FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 13TH SEPTEMBER, 1841.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 13th of September 1841, is published for general information:

Read a second time the Draft of a proposed Act, dated the 28th of June 1841, and published in the Calcutta Gazette of the 30th of the same month for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information:

Act No. — of 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I. It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant; or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record a

the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit or Appeal is dismissed under the preceding Section the Court shall award to the Defendant or Respondent the costs he may have incurred in the Suit or Appeal. But such dismissal shall be no impediment to the institution of a new Suit or Appeal, where the party is not precluded by lapse of time, or otherwise than by the mere circumstances of having instituted the Suit or Appeal dismissed and of such dismissal, and such dismissed Suit or Appeal shall not prevent lapse of time under the Law of Limitations being incurred.

III. And it is hereby enacted, that Clause 2, Section 27, Regulation XXIII 1814, of the Bengal Code, is repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 13th day of December next.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar.....	China.

4th.—The Parties shall be required to place in the hands of the Board of Customs and Opium, Bills of Lading of the Consignments, and Policies of Insurance thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to these Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of repaying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM, 13th October, 1841.

No. 235 of 1841.—The Right Hon'ble the Governor General of India in Council is pleased to republish the following General Orders, No. 7, dated 9th January 1837, containing certain Rules relative to the degree of proficiency in the Native Languages, required to be attained by Military Officers of the East India Company's Service, to qualify them for Staff or detached Employ.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 9th January, 1837.

No. 7 of 1837.—The Hon'ble the Court of Directors having, in a recent despatch, again expressed their anxious desire, that a competent knowledge of the Native languages should be generally diffused among the Officers of their Army, and having, at the same time, deemed it necessary to prescribe, that a certain degree of proficiency in one or more of those languages be in future considered an indispensable qualification for Staff employ, the Right Honorable the Governor General of India in Council, with the view of giving effect to the wishes of the Honorable Court, without prejudice to the just claims of the many in other respects highly qualified Officers now in the Service, is pleased to publish the following rules for general information :

I. No Military Officer, who is now in the Service, or who may enter it hereafter, will be deemed qualified for, or eligible to, the Commissariat Department, or the appointment of Regimental Interpreter, unless he shall have passed the examination in the Native languages, prescribed for candidates for the latter situation.

II. No Officer, who may enter the Service hereafter, will be deemed eligible to any Staff situation, (except a temporary one during actual service in the field,) or civil employ, until he shall have passed an examination in the Hindoostanee language.

III. Notwithstanding that Officers now in the Service are exempted from the restrictive operation of the immediately preceding rule, it is to be distinctly understood, that a competent knowledge of Hindoostanee, though not in their case an indispensable qualification for the situations open to others on the condition of passing an examination in that language, will, as hitherto, be always considered to confer a strong additional claim to nomination to the Staff.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 11TH OCTOBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th October 1841, is hereby promulgated for general information:

Act No. XXII. of 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value

of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and

grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33. Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

Secy. to the Govt. of India.

First.—Parties wishing to store Salt in private Godowns under the Government Orders of 11th August 1841, to give notice of their intentions to the Collector of Customs in writing, pointing out the location of the Godown in which the Salt is to be stored and making a Deposit of the Duty in Government Promissory Notes or in Bills accepted by Government.

Second.—On receipt of this deposit, the Collector of Customs will cause the Salt to be weighed and delivered from on board ship as at present, sending with each boat load of Salt for its protection in transit, between the ship and the Importer's Godown, a Boat Note (as per Form annexed) signed by both the Preventive Officers delivering and the Salt Chowkee Officer superintending the weighment.

Third.—On completion of weighment the Collector to report the outturn, together with the amount of Company's Paper held in deposit on receipt of this information, and the Boat Notes which must be delivered up by the Importer, the Board will supply the Importer with a Rowannah for the full quantity weighed over the vessel's side.

Fourth.—On the expiration of three months from the date of entry of the ship on which the Salt may have been imported, the Collector of Customs will call upon the Importer or Consignee to pay the duty on the full quantity weighed over the vessel's side less $3\frac{1}{2}$ per cent. wastage.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th October 1841, is hereby promulgated for general information:

ACT No. XXII. OF 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expenses and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas

it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expenses, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expenses of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any house, the Justices charged with the execution of the warrant shall

make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 18th of October 1841, is hereby promulgated for general information:

ACT No. XXVII of 1841.

An Act for appropriating the unclaimed Dividends on Insolvent Estates.

I Whereas pursuant to the Orders of the Courts for the Relief of Insolvent Debtors at the several Presidencies, divers sums on account of unclaimed Dividends on Insolvent Estates have from time to time been paid over by the Assignees of such Insolvent Estates into the hands of the Accountant General and Sub-Treasurer of the East India Company at such several Presidencies with the privity of the Accountant General of the said Insolvent Courts, to the credit of the persons named in the Schedules as Creditors of such Insolvents respectively;—and whereas it is expedient that in the event of no claim being established to such unclaimed Dividends or any part thereof, within a reasonable time, such Dividends should be distributed among such of the Creditors of such Insolvent Estates as shall have established their claims against such Estates respectively;—

Provided that this Act shall not affect the right of any party to be paid such Dividends out of any future Assets, which may come to the hands of the Assignees, together with any future Dividends which may be declared on such Insolvent Estates respectively in the event of any such claim being afterwards established.

II. And it is hereby enacted, that no such unclaimed Dividend shall at any time be distributed under this Act unless a Statement of such unclaimed Dividends be previously published in manner following: One year at least before making any such division as aforesaid a Statement shall be published three times in the English language, and also in one or more native languages in the Official Gazettes of the respective Presidencies, which Statement shall contain the names and descriptions as contained in the Schedules of all parties in respect of whose claims Dividends are reserved, together with the amount of such claims respectively, and shall specify whether any former Dividend or Dividends have been paid in respect thereof, and whether any proof shall have at any time been made of the debt whereby any Dividend may have accrued. Provided always that this Act shall not authorize the distribution of any such Dividend except where no person shall at any time have substantiated any claim to the debt in respect of which such Dividend may have become due.

III. And it is hereby further enacted, that in case it shall appear that any Insolvent is indebted to any Domestic Servants for Wages, it shall be lawful for such Courts at or before the time of declaring a Dividend to order the amount due for such Wages, but not exceeding in the whole the amount of six months' Wages to be paid to such Servants out of the Estate of such Insolvent.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 11TH OCTOBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th October 1841, is hereby promulgated for general information:

Act No. XXII. of 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expenses and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas

it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expenses, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expenses of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any warehouse, the Officer charged with the execution of the warrant shall

make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the increasing respect of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a large Danish Jack (red with white cross) at her Main Top Gallant Mast Head, and at night a good Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will not however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58' 30" N. Long. 88° 4' East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large St. George's Jack (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant good Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M. Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, by 2 Vertical where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS
FOR

MAKING ADVANCES IN INDIA AND CHINA,
UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

For Company's Rupees for Advances made at.....	Bengal.
Ditto.....	Madras.
Ditto.....	Bombay.
For Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance, and the amount of the Advance effected thereon, both of which must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England—and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

2. Observing in your Military Consultations of the 30th June 1826, a Schedule or Statement as transcribed in the margin* of certain proceeds of Burmese Booty, which did not appear to have formed part of the sums granted by His late Majesty in the Warrant, dated on the 17th September 1831, and being desirous, that any sums belonging to the Captors and remaining undistributed should be included in the Grant, for which application had been made; We requested the Lords Commissioners of Her Majesty's Treasury to advise Her Majesty to grant as Booty, the several sums specified in the said Schedule, with interest due upon them, provided such principal, and interest, shall not have been already included in the Royal Grant of 17th September 1831, and provided the sum shall be recovered by us, or, on our behalf. 3. You will observe that Her Majesty has been graciously pleased to grant one moiety of the sums due or to be realized under the Royal Warrant, to the East India Company, for their own proper use, and the remaining moiety to us, in trust to distribute the same for the use of the Commanders, Officers and Men, belonging to the Army, Navy and Marines employed in the Burmese War, to be ascertained and distributed amongst such Forces in the manner, and

5. The distribution is to be made to those, who participated in the Grant under the Warrant of 17th September 1831; and according to the same Scheme or Schedule, you will not however pay to any individuals of the Royal Navy the Shares which may be allotted to them individually, according to the said Scheme or Schedule, but will apprise us of the aggregate amount of the Shares allotted to those individuals, in order to that we may pay the said amount to the Lords Commissioners of the Admiralty, who will order the same to be re-distributed, according to the rules of the Navy.

6. Agreeably to the desire of the Lords of the Treasury, we shall authorize payment of the amount of the legal expences incurred by Lieutenant General Sir Archibald Campbell, K. C. B., in connexion with the present Grant.

The amount, viz. £978 18 6 you will deduct out of the Prize Fund. You will observe that this Stamp Duty is assessed on the whole amount of the Grant, and actual and conditional. We have however received in assurance from the Lords of the Treasury, that if any portion of the amount should prove to be irrecoverable, their Lordships will be prepared on receiving a representation to that effect from us, to direct a return of the proportion of the Stamp

VICTORIA R.

Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, To all to whom these Presents shall come Greeting. Whereas by Warrant under the Royal Sign Manual of His late Majesty King William the Fourth, our late Royal Uncle of glorious and happy memory, bearing date the Seventeenth day of September, one thousand eight hundred and thirty-one, in the second year of His said late Majesty's Reign, reciting, amongst other things, that at the commencement of the year one thousand eight hundred and twenty-four numerous unprovoked aggressions committed by the Burmese upon the South East Frontier of the Possessions of the United Company of Merchants of England trading to the East Indies had induced the Supreme Government in India to decide upon attacking the Burmese in their own Country, and that an Expedition was accordingly formed, consisting of His Majesty's Land Forces and the Land Forces raised and paid by the said United Company, and of His Majesty's Ships and Vessels of War and the Ships and Vessels of War of the said United Company, under the Command of Major General Sir Archibald Campbell, G. C. B., and Commodore Grant of His Majesty's Ship Liffey, then Commanding His Majesty's Naval Force in India—and that during the Hostilities or Warfare carried on by the said Expedition under the Command of the said Major General Campbell and Commodore Grant, and during certain periods afterwards of his Successor or Successors in such Command, a quantity of Booty and Plunder, consisting of Ordnance, Arms, Artillery Stores, and Ammunition, Grain, and a number of Bells and other Effects were taken, of which the following Schedule or account had been rendered, that is to say,

Sum received into the Treasury in India, ...	Sicca Rupees. 18,041
Amount of Valuation of the Military Board in Bengal, including the Bells returned, ...	4,99,642
	5,17,683

exclusive of Boats and other Property destroyed in order to prevent their falling again into the Enemy's hands, of which no authentic account had then been furnished, which said Booty and Plunder did of right belong to His Majesty in right of His Royal Prerogative, His Majesty was graciously pleased to give and grant and did thereby give and grant the said captured Booty and Plunder, or the produce or value thereof as set forth in the Schedule or account before stated, unto the said United Company of Merchants of England trading to the East Indies, or to such person or persons as they should appoint to receive the same, upon the Trusts and on the conditions following, that is to say, upon Trust to retain and apply one moiety thereof to the proper use of the said Company, and as to the remaining or other moiety thereof, in trust to distribute the same amongst His Majesty's Land and Naval Forces and the Land and Naval Forces of the United Company of Merchants of England trading to the East Indies employed in the said Expedition, according to the following Scheme or Schedule, videlicet.

The whole of such Moiety being divided into eight equal parts—

To the Commander in Chief and Flag and General Officers to be distributed amongst them, so that each Commander in Chief shall take double that share which each General and Flag Officer (not being a Commander in Chief) shall take, but if the number of Flag and General Officers, exclusive of the two Commanders in Chief, shall exceed four, in that case a Moiety of the said one eighth shall be divided between the two Commanders in Chief, and the other Moiety between the other Flag and General Officers. One Eighth.

To the Colonels, Lieutenant Colonels, and Majors, serving in the said Land Forces, and the Post Captains and Masters and Commanders in the said Naval Forces to be distributed amongst them according to the usage prevailing in India with respect to such Land and Naval Forces. Two Eighths.

To the Captains of Marines and Land Forces and the Lieutenants serving in the said Naval Forces and other descriptions of persons entitled by His Majesty's Proclamation for the distribution of Prizes in force at the termination of the last War, or according to the usage prevailing in India with respect to such Land and Naval Forces to share with them. One Eighth.

To the Lieutenants and Quarter Masters of Marines and Lieutenants, Ensigns, and Quarter Masters of Land Forces, and the Boatswains, Gunners and Purser serving in the said Naval Forces, and other descriptions of persons entitled by the said Proclamation or according to the usage prevailing in India with respect to such Land and Naval Forces to share with them. One Eighth.

To the Midshipmen, Captain's Clerks, Sergeants of Marines and Land Forces and other descriptions of persons serving in the said Land and Naval Forces entitled by the said Proclamation, or according to the usage prevailing in India with respect to such Land and Naval Forces to share with them. One Eighth.

To the Trumpeters, Quarter Gunners, Seamen, Marines and Soldiers, and other descriptions of persons, serving in the said Land and Naval Forces entitled by the said Proclamation, or according to the usage prevailing in India with respect to such Land and Naval Forces to share with them. Two Eighths.

And His said Majesty was in and by the said Warrant graciously pleased to direct that the portion of the said Booty and Plunder so belonging to the said Land Forces employed in the said Expedition should be distributed between the Commander in Chief, Officers and Privates composing the same, according to the rule theretofore used and observed by the Army in India under the aforesaid Scheme or Schedule. And that the portion of the said Booty and Plunder so as aforesaid belonging to the Naval Forces employed in the said Expedition be distributed amongst the Commander in Chief, Flag and other Officers and Men belonging to the said Naval Forces employed in the said Expedition agreeably to His Majesty's Proclamation aforesaid, and to the practice of His Majesty's Navy respecting the Ships or Vessels in the Service of the said United Company of Merchants of England trading to the East Indies sharing with them. And His Majesty was thereby graciously pleased further to order and direct that in case any doubt should arise respecting the claims to share in the distribution of the Moiety thereby granted to the Captors, or respecting any demand upon the said Captured Booty the same should be determined by the said United Company of Merchants of England trading to the East Indies, or by such person or persons to whom they should refer the same, which determination thereupon made should with all convenient speed be notified in writing to the Commissioners of His Majesty's Treasury, and the same should be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of His Majesty's Treasury His Majesty should be pleased otherwise to order. And whereas the Commissioners of our Treasury have represented unto us that a Memorial had been addressed to them by the Directors of the East India Company, setting forth, amongst other things, that they had taken every means in their power to gain authentic intelligence of the value of the Boats and other Property which might have been destroyed as asserted in order to prevent their falling again into the Enemy's hands, of which no authentic account has been furnished, and that the claim which had been made on behalf of the Captors to the value of such Boats and other Property was unsupported by the requisite proof to shew, first, that the several alleged Captures were in fact made. Secondly, that such property was subsequently destroyed to prevent its again falling into the Enemy's hands—and thirdly, that if not destroyed, it would have been of the value assigned to it by the Claimants. And that they the Directors had nevertheless obtained sufficient evidence to satisfy them that a number of War and other Boats were captured and destroyed in the said War, and that quantities of Ammunition and other

Stores were also from time to time destroyed that though possessing no data upon which to fix the sum to be recommended as the computed value of such Property they were disposed to believe that a sum of three Lacs of Company's Rupees would be a liberal equivalent for all the Booty which the Forces engaged in the said War had taken and were obliged to relinquish for the good of the Service. That the Directors had further represented that from the Schedule or Statement hereinafter set forth of which a Copy was laid before the Government of Bengal by the Prize Agents on the first of June, one thousand eight hundred and twenty-six, it appeared that large sums which had been realized by the Prize Agents had been invested in the Company's Loans by private Agents and which the Directors had reason to believe were not included in the sums specified in His late Majesty's Grant of the Seventeenth of September, one thousand eight hundred and thirty-one, and that the sum of Rupees Sixty-nine thousand, three hundred and eighty-four, fourteen Annas, which appeared in the said Schedule as having been deposited in the Company's Treasury could not be traced in the Company's books, but that if recoverable it would be considered as Booty should We be pleased so to order and direct.

That the Directors therefore prayed that we would be graciously pleased to grant to the said Company the aforesaid sum of Three Lacs of Rupees in full satisfaction of the claim as to Principal and Interest on account of the value of the Boats and other Property captured from the Enemy during the said operations, and subsequently destroyed to prevent their falling again into the Enemy's hands, and also the sums specified in the aforesaid Schedule or Statement, with Interest due upon them, provided such Principal and Interest shall not have been already included in the Royal Grant of the Seventeenth of September, one thousand eight hundred and thirty-one as Booty, and provided the same shall be recovered by or on behalf of the Company such Grant as to one half part of all the aforementioned Sums for the proper use of the said Company, and as to the other half part thereof for the use of the Commanders, Officers and Men belonging to the Army, Navy and Marines employed in the said War, and that we would also be pleased to give such directions as to the appropriation and distribution of the said Plunder and Booty amongst such Forces as we should see fit. And whereas our said Commissioners have recommended unto us under the circumstances set forth in the said Memorial and in the Report which has been made to them by our Procurator General, with the concurrence and advice of our Advocate General thereon, to grant the said sum of Three Lacs of Rupees, together with the said several sums specified in the said Schedule or Statement, amounting to Sicca Rupees Two Lacs, Forty-two Thousand, Three Hundred and Sixty-six, Four Annas, and Four Pies, in the manner and under the provisions contained in the said Memorial as hereinbefore mentioned to be appropriated and distributed as directed in and by the said former Royal Warrant. And We are graciously pleased to declare that this Our Royal Grant as to one half part of all the aforementioned sums shall be for the proper use of the said Company, and as to the other part thereof for the use of the Commanders, Officers and Men belonging to the Army, Navy, and Marines employed in the said War, to be appropriated and distributed amongst such Forces in the manner and subject to the provisions directed and contained in the said Warrant of His late Majesty bearing date the Seventeenth day of September, one thousand eight hundred and thirty-one, and as hereinbefore set forth—and We are further pleased to order and direct that in case any doubt shall arise respecting the claims to share in the distribution of the moiety hereby granted to the Captors, or respecting any demand upon the said Captured Booty, the same shall be determined by the said East India Company, or by such person or persons to whom they shall refer the same, which determination thereupon made shall with all convenient speed be notified in writing to the Commissioners of our Treasury, and the same shall be final and conclusive to all intents and purposes unless within three months after the receipt thereof at the Office of the Commissioners of our Treasury, We shall be pleased otherwise to order, hereby reserving to ourselves to make such order herein as to us shall seem fit. OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and being sent through France, are charged single postage, which that route amounts to 2s. 6d. By the Falmouth route, letters of half an ounce in weight are subject to single postage only, which by that route, has now been reduced to 1s. Newspapers, if sent via Falmouth, are free of postage; if transmitted by the way of Marseilles, they are charged 2d. each.

R. WALKER, Collector of Govt. Customs.

Calcutta, 29th October, 1841.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale, unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

RULES

For bonding Salt imported by Sea and deposited in Private Warehouses, to take effect from this date, 28th September 1841.

First.—Parties wishing to store Salt in private Godowns under the Government Orders of 11th August 1841, to give notice of their intentions to the Collector of Customs in writing, pointing out the location of the Godown in which the Salt is to be stored and making a Deposit of the Duty in Government Promissory Notes or in Bills accepted by Government.

Second.—On receipt of this deposit, the Collector of Customs will cause the Salt to be weighed and delivered from on board ship as at present, sending with each boat load of Salt for its protection in transit, between the ship and the Importer's Godown, a Boat Note (as per Form annexed) signed by both the Preventive Officers delivering and the Salt Chowkee Officer superintending the weighment.

Third.—On completion of weighment the Collector to report the outturn, together with the amount of Company's Paper held in deposit on receipt of this information, and the Boat Notes which must be delivered up by the Importer, the Board will supply the Importer with a Rowannah for the full quantity weighed over the vessel's side.

Fourth.—On the expiration of three months from the date of entry of the ship on which the Salt may have been imported, the Collector of Customs will call upon the Importer or Consignee to pay the duty on the full quantity weighed over the vessel's side less 3½ per cent. wastage.

Fifth.—The Importer to write off all Salt sold by him on the back of the Rowannah, giving due intimation of sale within 24 hours to the Board, to enable them to depute a Salt Officer to be present at the weighment and delivery—this Officer will not suffer any Salt to be removed save under a separate Rowannah to be granted from the Board's Office. He will also attest the endorsement on the Rowannah, as above provided, of the quantity delivered.

Sixth.—A Salt Officer will attend during the landing of the Salt in order to put his seal on the Salt imported, and it will be expected that the Stamp so applied shall not be broken save in his presence.

Seventh.—Notice shall in all cases of Rowannahs granted for bonded Salt be given to the Superintendent of Calcutta Salt Chokees.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a large Danish Jack (red with white cross) at her Main Top Gallant Mast Head, and at night a good Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will not however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58' 30" N. Long. 88° 4' East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large St. George's Jack (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant good Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 Vertical where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descri the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance :

TERMS AND CONDITIONS FOR MAKING ADVANCES IN INDIA AND CHINA, UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve : and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

s. d.

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	Calcutta.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company ; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 1ST NOVEMBER, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1841.

ACT No. — OF 1841.

An Act for discontinuing the rotation of service in hereditary District and Village offices under the Bombay Presidency.

I. Whereas it is provided by Clause 4, Section XVII. Regulation XVI. 1827, of the Bombay Code, that if the duties of the hereditary District Officers and Village Officers and Servants are performed "in rotation by several sharers it shall be competent to the Collector to enforce an arrangement by which each Officer shall, unless dismissed by the Collector, continue in office for three years, or the sharers may at their option select one of their number to be constituted with the Collector's sanction the hereditary Officer." And whereas the rotation system thus maintained by the Bombay Code of Regulations is found injurious to the public service even as thus modified in the period of retention of office;—

It is hereby enacted, that in all cases of hereditary office the services of which are still exacted and rendered at Bombay it shall be competent to the Collector of Land Revenue, or to the Magistrate accordingly as the service may be rendered in the Revenue or Police Departments to refuse confirmation to any arrangement for rotation service in such office that may be entered into by the sharers or hereditary claimants, and to require that nomination shall be made of a fit and competent person to hold the office, and perform the duties in the manner provided in the last part of the Clause of Section XVII. Regulation XVI. of 1827 above quoted.

II. And it is hereby enacted, that when any Village or District Officer shall be nominated to an hereditary office as above provided, it shall be competent to the

Collector or Magistrate to refuse to confirm such nomination, if from age or personal disqualification there shall be cause to think the duties of the office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust. Provided, however, that the ground of such rejection shall be recorded in an Official proceeding and in every case of refusal to confirm the nomination of sharers and other hereditary claimants there shall be an appeal to the authority to which the Collector or Magistrate may be immediately subordinate, and the order of such authority in the case shall be final.

III. And it is hereby enacted, that when any person shall be duly appointed to an hereditary Village or District office he may be removed on proof of misconduct or incompetency to the satisfaction of the Officer by whom the nomination is required to be confirmed, and the order for such removal shall be open to a like appeal as an order refusing confirmation.

IV. And it is hereby enacted, that when an hereditary Officer shall be bound to render service in more than one Department, it shall be competent to the Governor in Council at Bombay to prescribe what Officer shall be vested with the control of the appointment and removal of such Officer.

V. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer or hereditary claimant to participate in the rents and profits of any hereditary office so held and filled as is above provided, but if through the number of such claims there shall not remain a sufficiency for the fit maintenance of the Officer performing the duties, it shall be competent to the Collector or other Officer vested with the control of the appointment to and removal from such office to fix the fit remuneration to be assigned to the appointed Officer, and the remainder only shall be subject to the claim of sharers after this fitting remuneration shall have been first paid.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of February next.

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER
HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the increasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a good Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. $20^{\circ} 58' 30''$ N. Long. $88^{\circ} 4'$ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good Mast Head Light*, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

LEGISLATIVE DEPARTMENT,
THE 1st NOVEMBER, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1841.

ACT No. — OF 1841.

An Act for discontinuing the rotation of service in hereditary District and Village offices under the Bombay Presidency.

I. Whereas it is provided by Clause 4, Section XVII. Regulation XVI. 1827, of the Bombay Code, that if the duties of the hereditary District Officers and Village Officers and Servants are performed "in rotation by several sharers it shall be competent to the Collector to enforce an arrangement by which each Officer shall, unless dismissed by the Collector,

"continue in office for three years, or the sharers may "at their option select one of their number to be "constituted with the Collector's sanction the hereditary Officer." And whereas the rotation system thus maintained by the Bombay Code of Regulations is found injurious to the public service even as thus modified in the period of retention of office;—

It is hereby enacted, that in all cases of hereditary office the services of which are still exacted and rendered at Bombay it shall be competent to the Collector of Land Revenue, or to the Magistrate accordingly as the service may be rendered in the Revenue or Police Departments to refuse confirmation: to any arrangement for rotation service in such office that may be entered into by the sharers or hereditary claimants, and to require that nomination shall be made of a fit and competent person to hold the office, and perform the duties in the manner provided in the last part of the Clause of Section XVII. Regulation XVI. of 1827 above quoted.

II And it is hereby enacted, that when any Village or District Officer shall be nominated to an hereditary office as above provided, it shall be competent to the Collector or Magistrate to refuse to confirm such nomination, if from age or personal disqualification there shall be cause to think the duties of the office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust. Provided, however, that the ground of such rejection shall be recorded in an Official proceeding and in every case of refusal to confirm the nomination of sharers and other hereditary claimants there shall be an appeal to the authority to which the Collector or Magistrate may be immediately subordinate, and the order of such authority in the case shall be final.

III. And it is hereby enacted, that when any person shall be duly appointed to an hereditary Village or District office he may be removed on proof of misconduct or incompetency to the satisfaction of the Officer by whom the nomination is required to be confirmed, and the order for such removal shall be open to a like appeal as an order refusing confirmation.

IV. And it is hereby enacted, that when an hereditary Officer shall be bound to render service in more than one Department, it shall be competent to the Governor in Council at Bombay to prescribe what Officer shall be vested with the control of the appointment and removal of such Officer.

V. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer or hereditary claimant to participate in the rents and profits of any hereditary office so held and filled as is above provided, but if through the number of such claims there shall not remain a sufficiency for the fit maintenance of the Officer performing the duties, it shall be competent to the Collector or other Officer vested with the control of the appointment to and removal from such office to fix the fit remuneration to be assigned to the appointed Officer, and the remainder only shall be subject to the claim of sharers after this fitting remuneration shall have been first paid.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of February next.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 27th October, 1841.

No. 249 of 1841.—The following Extract of a Military Letter from the Hon'ble the Court of Directors, to the Governor of Bengal. No. 79, dated 1st September 1841, is published for general information:

"Report the particulars of David Ogilvy, 15th Regt. N. I., who has been permitted to retire from the Service on the Half Pay of his rank, and to settle in Van Dieman's Land, with observations on the general question of allowing Officers to retire in India on Half Pay." Para. 30. We shall not object to your decision on Captain Ogilvy's application, but we desire that no similar permission be granted hereafter. 31. It is absolutely necessary, according to our views and intentions, that Officers who may be compelled to quit India on Sick Certificate, and who may not be entitled to retire on Full Pay, shall try the effects of a temperate climate for the usual term of a Furlough, before they can be allowed to establish their claim to retire from the Service upon Half Pay. If Officers so circumstanced, proceed to New South Wales or some other Colony, and apply thence at the proper time for permission to retire, it is our practice to require satisfactory evidence from the Medical Staff Officers, or other undoubted Medical testimony on the spot, to prove that the applicant is incapable from ill health, to return to the performance of Military Duty in India, on the production of which the Half Pay is granted under the Regulations, without requiring personal appearance in this Country."
